

Private Admonition -- Board Case 12, 1990. Date of Sanction: March 4, 1991. A panel of the Preliminary Review committee of the Board on Professional Responsibility approved the offer of a private admonition to a Delaware attorney for violation of **DLRPC 5.5(b)**, which provides: "A lawyer shall not assist a person who is not a member of the bar in the performance of activity that constitutes the unauthorized practice of law." The attorney served as co-counsel for an attorney admitted to practice in another state but not in Delaware, without moving the foreign attorney's admission before the court.
